Libertarian Party NH

@LPNH

Should we start a Libertarian Party Caucus for white men?

We would prefer the Libertarian Party not do affinity groups.

But since there are now affinity groups for women, jews, blacks, etc, there should probably be one for white men too, right?

Please join and help found the Libertarian Party Jewish Caucus at LPJewish.com.

The Libertarian Party Jewish Caucus is intended to serve two functions. First, to ensure that the Libertarian Party and the Liberty Movement more generally remains a space wherein Jewish Libertarians can continue to pursue the cause of liberty with dignity and pride. Second, to coordinate observance and community among Party members and at Party events.
